

UNCG Community Partners Training – Eligibility Requirements

“Who Should Complete This Community Partner Research Ethics Training?”

Below are questions for eligibility criteria to ensure appropriate Community Partners are utilizing this training and are not using this training as a substitute for IRB required Citi training.

PLEASE NOTE: *UNCG faculty/staff/students and faculty/staff/students at external universities/colleges are not eligible for this training*

Participant Name: _____

*Participants must meet **both** of the following criteria:*

- ☐ Are you collaborating with a Lead Researcher/Principal Investigator to complete research in the community?
- ☐ Are you a member of a Community Organization or Agency or a member of the community in which the research will be conducted?

If yes, what is the name of the Community Organization or Agency

*Participants must meet **one** of the following criteria:*

- ☐ Are you consenting people in the community to participate in human subjects research?
- ☐ Are you observing and recording information about human subjects?
- ☐ Do you collect private information about human subjects?
- ☐ Are you using, studying or analyzing identifiable private information or specimens provided by another institution or investigator?
- ☐ Are you using data collected from human subjects for research purposes?

If UNCG IRB determines that you are an eligible community partner then additional instructions will be given to your UNCG PI, that will outline next steps to complete your required human subjects research training.
